

Optec's FTTH Fiber Solutions will be Showcased at ECOC 2011

HONG KONG, September 15, 2011 - Optec Technology Limited, a leader in fiber optic interconnect and assembly products, today announces it will be participating at ECOC 2011 in Geneva during September 19 to September 21.

Booth location:	Stand No. 1662
Venue:	Palexpo, Geneva, Switzerland
Exhibition period:	9th - 21st September 2011
URL:	www.ecocexhibition.com

During the show, Optec will showcase a wide range of fiber optic solutions to potential visitors, demonstrating Optec's valuable expertise in fiber optic connectivity. These include:

■ **HE-2™ Harsh Environment Connector Assemblies**

- ✓ A leading robust harsh environment fiber optic connector, rated IP68, that are deployed in various applications including fiber-to-the-antenna (FTTA), railway systems, medical and industrial equipment, among others.

■ **Built-In LC Industrial Connector Assemblies**

- ✓ Utilizing the standard LC interface in a harsh environment connector body for deployments in various industrial and non-industrial applications.

■ **FTTH Demarcation Solutions**

- ✓ Aesthetically designed FTTH demarcation products in wall-mount configurations for home and business environments and ergonomically designed for painless deployments.

■ **Val-Max Series High-Density Multi-fiber MPO/MTP Solutions**

- ✓ Featuring the MPO/MTP connector solutions, and supporting existing and next-generation 40G/100G networks.

Visit Optec at ECOC 2011 in booth #1662 to see why Optec can be your valuable partner in fiber connectivity.

About Optec Technology Limited

Optec Technology Limited is the world's leading fiber termination solutions provider which serves extensive optical networks throughout public and private sectors. Its wide variety of multi-fiber products includes board mounted solution for embedded optical modules, high-density 40G/100G applications, to MT-based outdoor harsh environment solutions.
