

Optec to Demonstrate its Leading Edge Multi-fiber Structured Cabling Solutions for Data Center at DCW 2014

HONG KONG, March 18, 2014 - Optec Technology Limited, a valuable partner in fiber structured cabling solutions with decades of experience, today announces it will be participating at Data Center World 2014 in Las Vegas during April 30 to May 1. Please visit www.optec.com.hk for more information about the MXC™ Multi-fiber Cable Assemblies.

Booth location:	Booth 1406
Venue:	The Mirage Casino Hotel, Las Vegas, Nevada, USA
Exhibition period:	30 April - 1 May 2014
URL:	www.datacenterworld.com/spring/

During the Exhibition, Optec will showcase its leading edge multi-fiber interconnect solutions that address the needs and requirements of nowadays mission critical Data Centers, and to demonstrate how these latest solutions help improve the network performances and to optimize you ROI. These include:

■ **High Density MTP/MPO Structured Cabling Solutions**

- ✓ Very High Density 1x72F, 1x48F MTP/MPO Assemblies for bandwidth-hungry applications

■ **High Speed MTP/MPO Structured Cabling Solution**

- ✓ MTP/MPO Jumper for 40G QSFP & 100G CXP for high speed future proofing data center

■ **PRIZM® LightTurn® Fiber Cable Assemblies**

- ✓ The Board Level Fiber Assembly Solution for High Speed Board Mounted Parallel Optic Device (POD) Modules that aggregate fibers for greater I/O density than ever achieved before

■ **MT based Active Optical Cable (AOC) Jumpers**

- ✓ The Subcomponent Level MT based Interconnect Solution for AOC to support high bit-rate multiple protocols.

About Optec Technology Limited

Optec Technology Limited is the world's leading fiber termination solutions provider which serves extensive optical networks throughout public and private sectors. Its wide variety of multifibers products includes board mounted solution for embedded optical modules, high-density 40G/100G applications, to MT-based outdoor harsh environment solutions. Please visit www.optec.com.hk for more information.
